Adding VOLUNTEER EXPERIENCE to your LinkedIn profile

Thank you for volunteering with Prince's Trust Canada to help Canadian Armed Forces members and veterans find their new civilian mission in entrepreneurship. To date, your efforts and that of hundreds of other volunteers' coast to coast have resulted in 527 boot camp graduates start and grow over 370 businesses in every industry sector and region in Canada. THANK YOU!

We hope you will consider including Prince's Trust Canada to your LinkedIn profile under VOLUNTEER EXPERIENCE. This is an excellent way to communicate to the world how you are using your unique talents and skills in this way to give back to those who have served Canada.

Description: Feel free to create your own description or simply customise the below:

I volunteered for the [year(s)] Operation Entrepreneur seven-day entrepreneurial boot camp at [university]. Operation Entrepreneur is a program of Prince's Trust Canada that provides veterans and transitioning members of the military community with the tools they need to start and grow successful businesses. During the week of the boot camp I provided support to the coordinators, student leads, faculty and veteran entrepreneurs by completing a variety of tasks including:

- *Assisted boot camp participants with technical issues and clarified business concepts as needed*
- *Provided one-on-one support to a participating veteran entrepreneur by applying learnings from my university work to help them to develop their business ideas.*
- *Support the organizing team by handling administrative and logistical tasks as required*
- *Received Mental Health First Aid training and gained insight into the challenges faced by those transitioning into the civilian world after years of military service*
